

Knock Me Off My Feet

G

It was on the news today

C

G

And my heart just skipped a beat

Em

Was that what they really said

Am

D7

Cause it knocked me off my feet

G

Did I hear the name just right

C

G

Cause I can't believe my ears

Em

Hadn't heard a thing from him

D7

G

In almost twenty years

Em

They say legends live forever

Am

D7

And we won't forget their names

C

I ain't saying he's a legend

B7

Em

Just a giant in life's game

Well he could tell a story

Write a song that made you cry

His voice could shake a mountain

And his words would make you sigh

I didn't ever meet him

Let the chances just pass by

Turned around now he's just gone

In the winking of an eye

I read that he had problems

He had troubles on his mind

The sort that just don't leave you

Cause they're with you all the time

Don't know if that's what beat him

If it drove him to his grave

Just know my heart was breaking

When I heard the news today
