This Old Town

(Capo 2)

D G
This old town
A
This old town
D
This old town

D A
I walked down the street today
G D
I'm back in my old home town
D A
Thought I'd run into some friends
G D
Get a drink and hang around
D A
Looked for some old friendly face
G D
For someone I'd recognise
D A
All I see are strangers here
G D
And their unfamiliar eyes

Drove around the streets at night
Just thinking about the past
Saw the houses where I lived
Guess nothing was meant to last
Corner store well its all gone
There's a sign that its been sold
Buildings where there weren't before
Makes me think I'm growing old

(Bridge)
G A
Guess my father he was right
D
When he told me on the phone
G A
You can choose just where to live
D
Once you've gone you can't come home
